## Mission

*Recognizing that all children are unique, the mission of Eustis Heights Elementary School is to ensure that all students feel loved, respected, and encouraged while being inspired, educated, and prepared to achieve their fullest potential as lifelong learners and productive citizens in our global society.*

## Vision

*Eustis Heights Elementary will create and support a safe, caring learning environment in which all children and adults feel welcomed, respected, and an important part of the school community. We believe each child **deserves** to be successful. Our family centered environment strives to develop confidence in students as we learn together and support one another, value differences in others, and become responsible citizens.*

## What is Parent Engagement?

*Research says that when school and families support each other, students of all backgrounds and various abilities achieve at higher levels.*

*Parent Engagement is an ongoing process that increases active participation, communication, and collaboration between parents, schools, and communities with the goal of educating the whole child to ensure success.*

### EHES Parent Engagement Goal

1. *Communicate effectively with parents and families regarding the things that influence student success.*
2. *Create collaborative partnerships with external organizations to provide needed services to our students and families.*
3. *Provide training, assistance and resources to students and families as needed.*
4. *Develop an ongoing partnerships between school and home, where everyone is working collectively in the best interest of the student.*
